He is interested in attending, but we do need to make sure his attendance is permissible with our Ethics office. Unfortunately that involves a lot of questions. Would you be able to help us get the answers so he can attend?

• Will the attendees represent a range of persons interested in a given matter? If yes, what matter? Yes, some lawyers, business owners, news anchors, democrats and republicans
• Approximately how many people will attend? We've invited close to 40 but so far only about 15 have confirmed
• What is the monetary value of the gift of free attendance (food, drinks, movie fee, etc.) and how was this value determined? Movie ticket is $16, drinks at $12 each aprx and I'm not actually sure about food. I'll have to see about popcorn, etc. Based off of ticket prices and bar prices
